Washington, DC 20503

Re: Department of Interior Bureau of Land Management
RIN 1004-AE26: Oil and Gas Hydraulic Fracturing on Federal and Indian Lands

Dear Mr. Zients:

Oklahoma has a rich history of effectively regulating oil and gas exploration and production practices, including hydraulic fracturing. I write to share with you an economic analysis prepared by Oklahoma City University regarding the Bureau of Land Management's proposed rule concerning hydraulic fracturing on Federal and Indian Lands. I encourage your review of this study and urge your reconsideration of the proposed rule.

Sincerely,

A handwritten signature in black ink that reads "Mary Fallin".

Mary Fallin
Governor of Oklahoma
